

PLATFORM PRESENTATION

RetailEdge Pro LMS

Next-Generation Retail Learning Management & Live Assessment Arena

PLATFORM OVERVIEW

Executive Summary

A strategic overview of RetailEdge Pro LMS and dynamic live sync architecture.

TABLE OF CONTENTS

Presentation Agenda & Key Themes

We will cover the complete end-to-end capabilities of RetailEdge Pro:

- **1. Authentication & Role Hierarchy** (Slides 5-6)

INTRODUCTION

Brand Vision & Training Objectives

Our vision is to bridge the gap between classroom training and on-floor execution.

- **Align Frontline Staff:** Ensure promoters have deep product knowledge and SOP compliance.

Multi-Tenant Role Hierarchy

RetailEdge Pro supports role-based views for every tier of the organization:

- **Super Admin & Admin:** Full platform management, projects control, user setup.

AUTHENTICATION

Welcome & Sign-In Interface

Screen Name: Login Page

Purpose: Secure entry point for all platform tenants.

PLATFORM ADMINISTRATION

Admin Control Center & Global Analytics

Screen Name: Admin Dashboard

Purpose: Central console for platform-wide metrics and user tracking.

Search sessions, supervisors, t

CLIENT EXPERIENCE

Client Dashboard & Brand Oversight

Screen Name: Client Dashboard

Purpose: Read-only project monitoring for external brand clients (e.g.

Search sessions, supervisors, t

OPERATIONAL CONTROL

Program Manager Control Room

Screen Name: PM Dashboard

Purpose: Project-specific dashboard for operational control.

Search sessions, supervisors, t

Dynamic Projects Panel & Campaign Setup

Screen Name: Projects Management Page

Purpose: Setup and configure store-level campaigns and project

Q Search sessions, supervisors, t

MANAGEMENT & SETUP

User Management & Promoter Setup

Screen Name: User Directory Page

Purpose: Manage active platform members and promoters.

Search sessions, supervisors, t

T&D Management Hub & Skill Gaps

LEARNING & DEVELOPMENT

Course & Materials Management

Screen Name: Trainings Page

Purpose: Curate video, PDF, and PPT course materials for promoters.

Q Search sessions, supervisors, t

LEARNING & DEVELOPMENT

Assessment Builder & Quiz Setup

Supported Question Formats & Configs

Tailor quizzes to evaluate different retail cognitive tasks:

- **MCQ (Multiple Choice Questions):** Assess precise standard guidelines (e.g. checkout SOPs).

ASSESSMENT ENGINE

Live Quiz Arena Gameplay

Host interactive quiz sessions during regional alignment meetings:

- **Sync Playback:** The host controls the slide projection; questions appear on participants' phones simultaneously.

ASSESSMENT ENGINE

Offline Assessment Mode

Ensure zero data loss even in stores with poor network connections:

- **Prefetched Quizzes:** Promoters load and cache quizzes in stable connectivity zones.

FIELD OPERATIONS

Supervisor Control Console

Screen Name: Supervisor Dashboard

Purpose: Field supervisor view for regional store performance.

Q Search sessions, supervisors, t

Attendance Logging & Meeting Integration

Programmatically track employee compliance and attendance:

- **Integrated Meetings:** Attendance for Jitsi/Google Meet video sessions is captured automatically.

Gamification & Reward Systems

Encourage active participation using a structured reward system:

- **Live Leaderboards:** Real-time ranking updates build high competitive energy.

LEARNER EXPERIENCE

Learner Portal Experience

Screen Name: Standard User Dashboard

Purpose: Learner portal for course consumption and quiz participation.

Search sessions, supervisors, t

EXECUTIVE OVERSIGHT

Managing Director Dashboard & High-Level KPIs

Chief Operating Officer Dashboard

Screen Name: COO Dashboard

Purpose: Operational efficiency and campaign execution tracking.

Q Search sessions, supervisors, t

EXECUTIVE OVERSIGHT

VP of Operations Control View

Screen Name: VP Operations Dashboard

Purpose: Operational oversight of training campaigns and compliance

Search sessions, supervisors, t

OPERATIONAL CONTROL

Marketing Manager Dashboard & Campaign Readiness

Screen Name: Marketing Manager Dashboard

Purpose: Monitor campaign health, timeline progress, and active quiz

 Marketing Manager Dashboard

EXECUTIVE OVERSIGHT

Executive Performance Standing

Consolidate frontline execution metrics for senior management reviews:

- **Operations Index:** Aggregates attendance, builder activities, and accuracy.

Reports Center & Dynamic Filters

Screen Name: Reports Page

Purpose: Access and filter all training and evaluation logs.

Q Search sessions, supervisors, t

Dynamic PDF & PowerPoint Reports

Generate professional presentation decks and audit reports in one click:

- **Slide Exports:** Generates customized slide decks with KPIs, leaderboard summaries, and action plans.

REPORTS & EXPORTS

Dynamic Excel Export Engine

Download detailed spreadsheets containing raw operational metrics:

- **Raw Data Sheets:** Captures employee IDs, correct answers counts, total response times, store locations.

Real-Time WebSocket Architecture

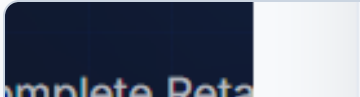

State-of-the-art background communication keeps the team synchronized:

- **WebSocket Protocol:** Establishes a bidirectional channel between the Express server and React client.

Mobile Interface Design & Sign-In

Screen Name: Mobile Login Page

Purpose: Portal access for field staff using mobile devices.

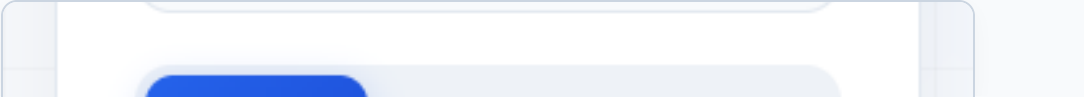

Manage sessions, training
performance

Mobile Learner Portal & Quiz Join

Screen Name: Mobile Join Page

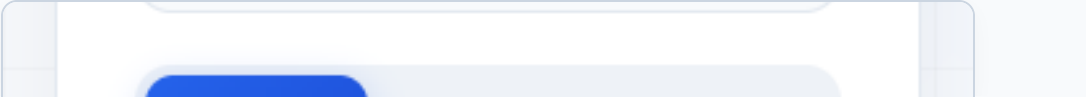

Purpose: Mobile-first interface for promoters to enter live sessions.

Mobile Live Quiz Gameplay Interface

Screen Name: Live Quiz Gameplay

Purpose: Mobile interface for answering live assessment items.

BUSINESS VALUE & ROI

Retail Campaign Alignment & ROI

Align frontline training with marketing and campaign rollouts:

- **Speed to Floor:** Deploy new product guidelines to 1000+ promoters in under an hour.

BUSINESS VALUE & ROI

Frontline Compliance Verification

Verify store execution guidelines and SOP adherence:

- **Audit Logs:** Automated timestamps capture when a promoter completes standard training.

Client Success Case Study: Unilever

Real-world impact validated through corporate deployment (e.g. Unilever FMCG):

- **Challenge:** Frontline promoters had poor comprehension of monthly promotional campaigns.

DEPLOYMENT ROADMAP

LMS Deployment & Launch Phases

Structured plan to deploy the platform across retail zones:

- **Phase 1:** Database Setup and Administrator Seeding (Completed).

DEPLOYMENT ROADMAP

Technical Integration Roadmap

Simple integration path with existing corporate directories and tools:

- **Single Sign-On (SSO):** Integrates with Active Directory and Okta (Future phase).

TECHNICAL SPECIFICATIONS

Security & Data Integrity

Enterprise-grade security controls protect sensitive company data:

- **Secure Storage:** SQLite backend with Sequelize ORM validation layers.

Platform Scalability & Future Outlook

Designed to scale with growing promoter networks and store locations:

- **Infrastructure:** Light node backend handles thousands of concurrent socket events.

CLOSING SUMMARY

RetailEdge Pro — Summary & Call to Action

Transforming retail capability development from a cost center into a sales driver.
